

Coronavirus - advice for carers

We know this is a difficult time for friends, family and carers and hope this information will help you and your loved ones stay safe and well.

For more information and updates, please check with your usual contacts and visit www.slam.nhs.uk/carers or www.slam.nhs.uk/coronavirus

Advice for everyone

Stay home, save lives is the current government advice. For updates, check the news or visit www.gov.uk/coronavirus

If you have coronavirus symptoms, do not visit a GP surgery, pharmacy or hospital. Instead, visit www.nhs.uk/coronavirus for advice. Only call 111 if someone is seriously unwell.

Looking after your mental and physical health is important at this time. Visit the NHS Every Mind Matters website for advice about staying well www.nhs.uk/oneyou/every-mind-matters

Advice for community patients and carers

We are doing our best to support patients and carers at this difficult time.

Routine appointments we will probably make arrangements to contact patients by phone or video call instead of in person.

Crisis support please check your crisis plan. Call your usual contact during office hours. At other times contact our crisis line on 0800 731 2864 (Option 1)

For other contacts and to find out more, visit www.slam.nhs.uk/crisis

Backup plan - please consider preparing and sharing a backup plan for us, your loved one and your key contacts so everyone knows what to do if you become unwell. The plan should include:

- Who to contact if you are unwell, such as family, friends or professionals
- Details of any ongoing treatment for the person you care for
- Details of their medication and when it should be taken

For more information about backup plans, and other subjects, visit the Carers UK website www.carersuk.org

Advice for our hospital patients and their carers

For everyone's safety and wellbeing, we are sorry to say visiting is suspended until further notice.

Please use other ways to **Stay in touch** with people in hospital such as phone or video calls, emails, group chats or online games.

Contact the ward or department in advance to arrange calls.
